

Ki Sushi & Izakaya Bar

KI provides catering for any type of event. For catering inquiries or private event information, please call **415-978-9942 x309** or email Dave@templesf.com

KI is conveniently situated inside Temple Nightclub. The restaurant is located just two blocks from Moscone Center, close to many of San Francisco's finest hotels. Owner Paul Hemming designed the space with a balance of futuristic and classic Japanese elements to create an "izakaya of the future" inspired atmosphere. The space is surrounded by LED-lit shoji screens, geisha and samurai artwork from UK-based artist Hush, known worldwide for his street-art-style blend of anime-inspired and pop-art images, and local San Francisco artist Micha LeBrun. The LED's create a full spectrum of different color lighting options to change the mood of the room. Three large LCD screens are programmed with custom graphics of reinterpreted Japanese art, inspired by wood block printing.

The restaurant seats **30 guests** with an additional **10 seats** at the sushi bar.
